## MECHANICS GLOVE

As a tool partner, Mechanics gloves are widely used for protecting hands from various mechanical risks. The gloves are designed as per theory of human biology which providing a good comfort & a great fit. With the distinctive features of sweat-absorbing, breathability, durability, anti-vibration, anti-slip & puncture-resistant, Mechanics glove can effectively free your hands & greatly increase security.

Impact Resistant .....	01-04
Silicone Slip Resistant .....	05-08
Double Palm .....	09-14
General Style .....	15-18
Functional Style .....	19-20
Genuine Leather .....	21-22
Cold Resistant .....	23-24
Dexterous PU .....	25-26

## WORK GLOVE

Work gloves are widely used for general working. There are abundant selections, such as leather gloves, dipped gloves, knitted gloves, functional gloves, household gloves & disposable gloves which apply to different fields. With the significant advantages, work gloves play an important role in our life.

Leather Palm .....	27-31
High Visibility .....	32
Welding Glove .....	33-36
Drive Glove .....	37-40
Winter Work .....	41-44
Cotton & Knitting.....	45-48
Cut Resistant .....	49-50
PVC Dipping .....	51-52
Latex Dipping .....	53-54
Nitrile Dipping .....	55-56
PU Dipping .....	57
Household & Disposable .....	58

## GARDEN GLOVE

Garden gloves are widely used for gardening, DIY, pruning/clipping, picking, mowing, branching & cleaning etc. They are effective & powerful partner for gardening works.

Genuine Leather .....	59-62
Synthetic Leather .....	63-66
Printing Fabric .....	67-70
Nitrile Garden .....	71-74
Latex Garden .....	75
PU Garden .....	76
Kids .....	77-78

## SPORT GLOVE

Sport gloves are widely used to protect hands from various sport risks. They mainly contain gym, bicycle, moto, golf, ski & hunting gloves, featuring high dexterity & breathability with great comfort.

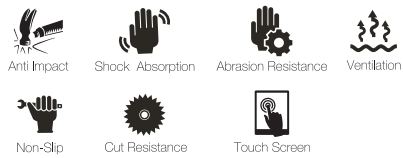

Gym Glove .....	79-80
Bicycle Glove .....	81-84
Ski Glove .....	85-88
Hunting Glove .....	89
Hats .....	90
Touch Screen Glove .....	91-92
Material Swatch .....	93-94
Printing Patterns .....	95-98
Display Solutions .....	99-100

# IMPACT RESISTANT

The gloves are suitable for heavy-duty works in mechanical industry, oil industry & construction industry.

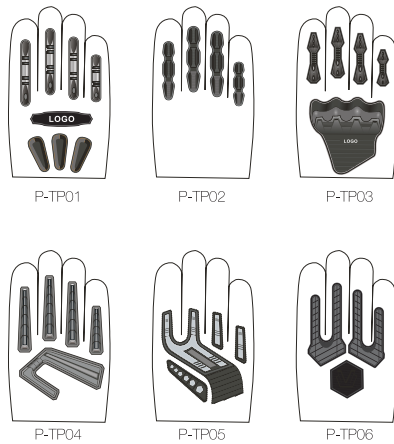

The feature of impact resistant is mainly realized by reinforced palms made of various materials & applications of TRP patches on back.

## Function Icon

## Provide Optional Material

100% meet the requirements of environmental protection in Europe and America

## Impact Resistant

### TP181905 Armor MAX Impact

- Durable synthetic leather with textured PVC patches for excellent anti-abrasion & anti-slip
- PVC knuckle guard and finger guards protect against impact & shock
- Extended neoprene cuff provides added protection
- Folo Velcro adjustment offers good comfort & fit

#### Applications:

Towing & Transportation, Manufacturing, Heavy Equipment Operation Construction, Mining, Oil & Gas

### CB18902 Powerful Impact

- Synthetic leather palm with reinforced patches offer added durability
- EVA palm padding absorbs shock and vibration
- Reinforced panels in high wear areas improve durability
- Carbon knuckle guard for anti-collision and PVC finger guards protect against impact
- Hourglass finger design eliminates material overlap
- Velcro closure provides secure fit to the wrist

#### Applications:

Demolition, Towing & Transportation, Manufacturing, Heavy Equipment Operation, Impact Tools

### TP18704 Fluent Impact

- Durable synthetic leather palm with touchscreen capable fingertips
- Non-slip PU patches with EVA padding reduce shock and vibration
- Stretch spandex fabric provides a comfortable fit
- All-sided PVC knuckle guard and finger guards protect against impact & shock
- Neoprene back & cuff give maximum comfort
- Velcro adjustment with pull system

#### Applications:

Impact and Power Tools, Manufacturing, Assembly, BOX Handling, Construction, DIY Home Improvement

### TP18705 Victor Impact

- Durable synthetic leather palm with touchscreen capable fingertips
- Non-slip PU patches with EVA padding reduce shock and vibration
- Stretch Spandex fabric provides a comfortable fit
- All-sided PVC knuckle guard and finger guards abate abrasion, shock and impact
- Neoprene adjustable cuff ensures firm fitting

#### Applications:

Impact and Power Tools, Manufacturing, Assembly, BOX Handling, Construction, DIY Home Improvement

### TP181906 Leo-designed Impact

- Durable synthetic leather with reinforced panels in high wear areas improve durability
- Silicone on palm for exceptional grip and slip resistance
- PVC knuckle guard and finger guards protect against impact & shock
- Stretch spandex fabric provides a comfortable fit
- Velcro adjustment offers good comfort & fit

#### Applications:

Maintenance & Repair, Manufacturing, Heavy Equipment Operation Construction, Mining, Forestry

### TP1832 Rewarded Impact

- Synthetic leather palm with reinforced patches offer added durability
- Silicone on palm for exceptional grip and slip resistance
- Stretch spandex fabric provides a comfortable fit
- PVC knuckle guard and finger guards protect against impact
- Velcro adjustment offers good comfort & fit

#### Applications:

Maintenance & Repair, Manufacturing, Assembly, BOX Handling, Construction, Mining, Forestry

### TP18512 Oil-Race Impact

- Dual-layer synthetic leather offers added durability
- Hourglass finger design eliminates material overlap
- Silicone on palm for exceptional grip and slip resistance
- Stretch spandex fabric provides a comfortable fit
- Knuckle shield and full-length fingertip protection reduce the risk of impact and pinching injuries
- Extended neoprene cuff with pull system

#### Applications:

Maintenance & Repair, Manufacturing, Heavy Equipment Operation Construction, Mining, Oil & Gas

### TP9013 Blade Stop Impact

- Classical high performance cut-resistant knitting glove
- Oil resistant nitrile coated palm
- Knuckle shield and full-length fingertip protection reduce the risk of impact and pinching injuries
- Slitted cuff with Velcro closure provides secure fit to the wrist

#### Applications:

Oil & Gas, Automotive, Sharp Tool Handling, Abrasive Material Handling

# SILICONE SLIP RESISTANT

With the excellent grip & slip resistance, the gloves have wide range of applications in many fields, such as construction industry, oil & gas industry, mechanical industry.

## Silicone Slip Resistant

**SI181201** All-around Grip

- Durable synthetic leather palm with foam lining inside for anti-vibration
- Silicone spread over palm provides exceptionally grip and slip resistance
- Hi-viz stretch fabric ensures safe work in dark environment
- Neoprene cuff with web-loop provides convenient storage

**Applications:**

Maintenance & Repair, Manufacturing, Construction, Extrication, Search & Rescue

**SI1812** Padded Grip

- Dual-layer synthetic leather offers added durability
- EVA padding reduces shock and vibration
- Silicone spread over palm provides exceptionally grip and slip resistance
- Neoprene knuckle gives maximum comfort
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**

Assembly, Rigging, Carpentry, Extrication, DIY, Impact and Power Tools, Forestry

**SI1951** Classical Anti-slip

- Durable synthetic leather palm with silicone provides grip & slip resistance
- Reinforced panels in high wear areas improve durability
- Reflective piping enhances visibility when illuminated
- Flexible Neoprene knuckle & cuff are designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**

Assembly, Rigging, Carpentry, Extrication, DIY, Box Handling

**SI1952** Comfort Grip

- Durable synthetic leather palm with silicone provides grip & slip resistance
- Reinforced panels in high wear areas improve durability
- Soft terry on thumb for wiping sweat
- Neoprene knuckle & cuff give maximum comfort
- Velcro adjustment provides secure fit to the wrist

**Applications:**

Assembly, Rigging, Carpentry, Extrication, DIY, Box Handling

**SI181301** Saddle Anti-slip

- Durable synthetic leather palm reinforced with premium cowhide provide extreme abrasion resistance
- EVA padding reduces shock and vibration
- Silicone on palm provides exceptionally grip and slip resistance
- Reflective printing enhances visibility when illuminated
- Neoprene cuff for extra protection
- Velcro adjustment ensures firm fitting

**Applications:**

Assembly, Rigging, Carpentry, Extrication, DIY, Forestry

**SI1956** Checker Silicone Grip

- Durable synthetic leather with foam lining inside for anti-vibration
- Silicone on palm provides exceptionally grip and slip resistance
- Stretch spandex material provides a comfortable fit
- Neoprene adjustable cuff provides secure fit to the wrist

**Applications:**

Assembly, Rigging, Carpentry, Extrication, DIY, Box Handling

**SI1950** Droplets Silicone Grip

- Durable synthetic leather palm with silicone provides grip & slip resistance
- Reinforced panels in high wear areas improve durability
- Soft terry on thumb for wiping sweat
- Flexible neoprene knuckle is designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**

Assembly, Rigging, Carpentry, Extrication, DIY, Box Handling

**SI1953** Hexagon Grip

- Durable synthetic leather palm with silicone provides grip & slip resistance
- Reinforced panels in high wear areas improve durability
- Reflective piping enhances visibility when illuminated
- Neoprene knuckle & cuff give maximum comfort
- Velcro adjustment ensures firm fitting

**Applications:**

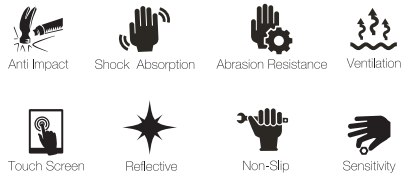

Assembly, Rigging, Carpentry, Extrication, DIY, Box Handling

# DOUBLE PALM

The gloves are widely used for medium-duty works. With the durable double palms, they own great impact resistance, slip resistance & abrasion resistance.

## Function Icon

**1811** Comfort Padded

- Synthetic leather palm with reinforced patches offer added durability
- EVA padding reduces shock and vibration
- Reinforced panels in high wear areas improve durability
- Pliable neoprene knuckle & cuff are designed for impact protection
- Velcro adjustment ensure firm fitting

**Applications:**

Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**1812** Trad Padded

- Double palm with synthetic leather for abrasion resistance and extra grip
- EVA padding reduces shock and vibration
- Flexible neoprene knuckle & cuff is designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**

Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**TP1818** Arrows Dual-palm

- Double palm with synthetic leather for abrasion resistance and extra grip
- EVA padded palm for excellent vibration resistance
- PVC finger guards protect against impact
- Flexible neoprene knuckle & cuff is designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**

Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**18161** Warrior Dual-palm

- Durable synthetic leather palm with touchscreen capable fingertips
- Strengthened palm with EVA padding reduces shock and vibration
- Anatomically designed two-piece palm eliminates material bunching in the palm
- PVC patches on fingers abate abrasion, shock and impact
- Neoprenet cuff with Velcro adjustment ensure firm fitting

**Applications:**

Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**1813** Curve Vibra

- Double palm with synthetic leather for abrasion resistance and extra grip
- EVA padding reduces shock and vibration
- Reinforced panels in high wear areas improve durability
- Reflective piping enhances visibility when illuminated
- Flexible neoprene knuckle & cuff is designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**

Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**1814** Waisted Dual-palm

- Synthetic leather palm with reinforced patches offers added durability
- EVA padding reduces shock and vibration
- Anatomically designed two-piece palm eliminates material bunching
- Neoprenet cuff with Velcro adjustment ensure firm fitting

**Applications:**

Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**1821** Trigram Dual-Palm

- Synthetic leather with durable textured PVC reinforcement on full palm
- Joint design back offerd good dexterity
- Soft terry on thumb for wiping sweat
- Neoprenet cuff with Velcro adjustment ensure firm fitting

**Applications:**

Maintenance & Repair, Construction, Electrician, Camping, DIY

**1822** Nordic Dual-Palm

- Synthetic leather palm with PVC patches strengthen durability and slip resistance performance
- Curved sewing neoprene knuckle for excellent flexibility & comfort
- Soft terry on thumb for wiping sweat
- Neoprenet cuff with Velcro adjustment ensure firm fitting

**Applications:**

Maintenance & Repair, Construction, Electrician, Camping, DIY

**1824-KEV Vibra Curb**

- Synthetic leather with durable textured PVC reinforcement
- Armortex® reinforced palm provides exceptionally wear resistance
- EVA padding reduces shock and vibration
- Flexible accordion knuckle with high-density EVA padding abates abrasion and shock
- Neoprenet cuff with Velcro closure provides secure fit to the wrist

**Applications:**  
Maintenance & Repair, Impact and Power Tools, Construction, Electrician, Camping, DIY

**1826 Tulwar Dual-Palm**

- Synthetic leather palm with PVC patches strengthen durability and slip resistance performance
- Flexible neoprene knuckle & cuff are designed for impact protection
- Reflective piping enhances visibility when illuminated
- Soft terry on thumb for wiping sweat
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Maintenance & Repair, Construction, Electrician, Camping, DIY

**18202 Auto Dual-Palm**

- Synthetic leather palm with durable textured PVC reinforcement
- Dual-layer leather fingertip reinforcement provides added durability
- Flexible neoprene knuckle & cuff are designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**  
Maintenance & Repair, Automotive, Construction, Camping, DIY

**18132 Guards Padded**

- Fingerless design frees 3 fingers for improved manual operation
- Synthetic leather palm with reinforced patches offer added durability
- EVA padding reduces shock and vibration
- PVC knuckle protects against impact
- Neoprene cuff with Velcro adjustment ensure firm fitting

**Applications:**  
Impact and Power Tools, Maintenance & Repair, Assembly, Equipment Operation, Electrician, DIY

**1827 Index Dual-palm**

- Synthetic leather with durable textured PVC reinforcement
- Reinforced panels in high wear areas improve durability
- EVA padding reduces shock and vibration
- Flexible neoprene knuckle & cuff are designed for impact protection
- Velcro adjustment ensures firm fitting

**Applications:**  
Maintenance & Repair, Impact and Power Tools, Construction, Electrician, Camping, DIY

**182801 Claw Padded**

- Synthetic leather palm with durable & stylish textured PVC reinforcement
- EVA padding reduces shock and vibration
- 3D mesh fabric helps keep hands cool and comfortable
- Reflective piping enhances visibility when illuminated
- Flexible neoprene knuckle & cuff are designed for impact protection
- Velcro closure provides secure fit to the wrist

**Applications:**  
Impact and Power Tools, Maintenance & Repair, Manufacturing, Construction, Box Handling, DIY

**1813HF Handy Padded**

- Fingerless for maximum handiness & perfect tactility in work
- Synthetic leather palm with reinforced patches offer added durability
- EVA padding reduces shock and vibration
- Neoprene knuckle & cuff for extra protection
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Impact and Power Tools, Maintenance & Repair, Assembly, Equipment Operation, Electrician, DIY

**1829HF Acclaimed Dual-layer**

- Fingerless design frees 3 fingers for improved manual operation
- Synthetic leather with durable textured PVC reinforcement
- EVA padding palm for excellent vibration resistance
- Neoprenet cuff with Velcro adjustment ensure firm fitting

**Applications:**  
Maintenance & Repair, Assembly, Impact and Power Tools, Equipment Operation, Electrician, DIY

# GENERAL STYLE

With abundant practical features like anti-slip, anti-abrasion & anti-vibration, such economical & basic styles are widely used for general works.

# FUNCTIONAL GLOVES

Here are showing the gloves with a few special features, such as megnetic style for storing metal parts, multi-function style for holding small tools, fingerless style for freeing your hands.

## Function Icon

## Functional Gloves

### 1823MG Powerful Magnetism

- Durable synthetic leather palm with touchscreen capable fingertips
- Non-slip PU imitation leather with EVA padding reduces shock and vibration
- Powerful magnetic for storing metal parts & fasteners
- Elastic band cuff and Velcro closure provide a secure fit to the wrist

**Applications:**  
Maintenance & Repair, Impact and Power Tools, Manufacturing, Assembly, Construction, DIY Home Improvement

### 1815MG Origins Magnetism

- Durable synthetic leather palm
- Double-stitched index finger construction improves durability
- Powerful magnetic for storing metal parts & fasteners
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**  
Maintenance & Repair, Impact and Power Tools, Manufacturing, Assembly, Construction, DIY Home Improvement

### 18205 Tool Bracket

- Durable synthetic leather palm with touchscreen capable fingertips
- Non-slip PU imitation leather with EVA padding reduces shock and vibration
- Rubber & elastic organizer for tool bracket
- Finger magnetic for storing small metal parts
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Maintenance & Repair, Carpentry, Impact and Power Tools, Assembly, Construction, DIY Home Improvement

### 18562K Nail-Out Leather

- Premium goatskin leather whole palm
- Durable cow split leather reinforcement improves durability
- High performance puncture-prevention fabric inside palm
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Metal Fabrication, Heavy Equipment Operation, Sharp Tool Handling, Abrasive Material Handling, Mining

# GENUINE LEATHER

Genuine leather is featuring great durability, flexibility & formability. It also has the ability to breathe & absorb moisture, which means leather gloves providing the dryness & comfort.

## Cold Resistant

### 1861PA Charcoal Winter Pigskin

- Premium pig skin palm provides extreme abrasion resistance
- Touchscreen capable fingertips
- Leather knuckle overlay with EVA provide added durability & vibration resistance
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Reflective tape increases visibility when illuminated
- Shredded elastic wrist is comfortable and formfitting

**Applications:**  
Cold Weather Work, Metal Fabrication, Maintenance & Repair, Impact and Power Tools, Construction, DIY

### 1831PU Flexible Warm Performance

- PU Nubuck leather palm with foam lining inside for anti-vibration
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Soft terry on thumb for wiping sweat
- Flexible Neoprene knuckle & cuff is designed for impact protection
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Cold Weather Work, Outdoor Activity, Maintenance & Repair, Vehicle Operation

### 8630 Fleece lined Performance

- Superior PU leather with reinforced palm for extra durability and slip resistant
- Heavyweight fleece provides extra warm and comfortable
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Velcro adjustment ensure firm fitting

**Applications:**  
Cold Weather Work, Outdoor Activity, Maintenance & Repair, Construction, DIY

### 8640 Insulated Dual-palm

- Synthetic leather with durable textured PVC reinforcement on full palm
- Water repellent Talsen fabric on back
- Foam lined knuckles enhances comfortable
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Velcro closure provides a secure fit to the wrist

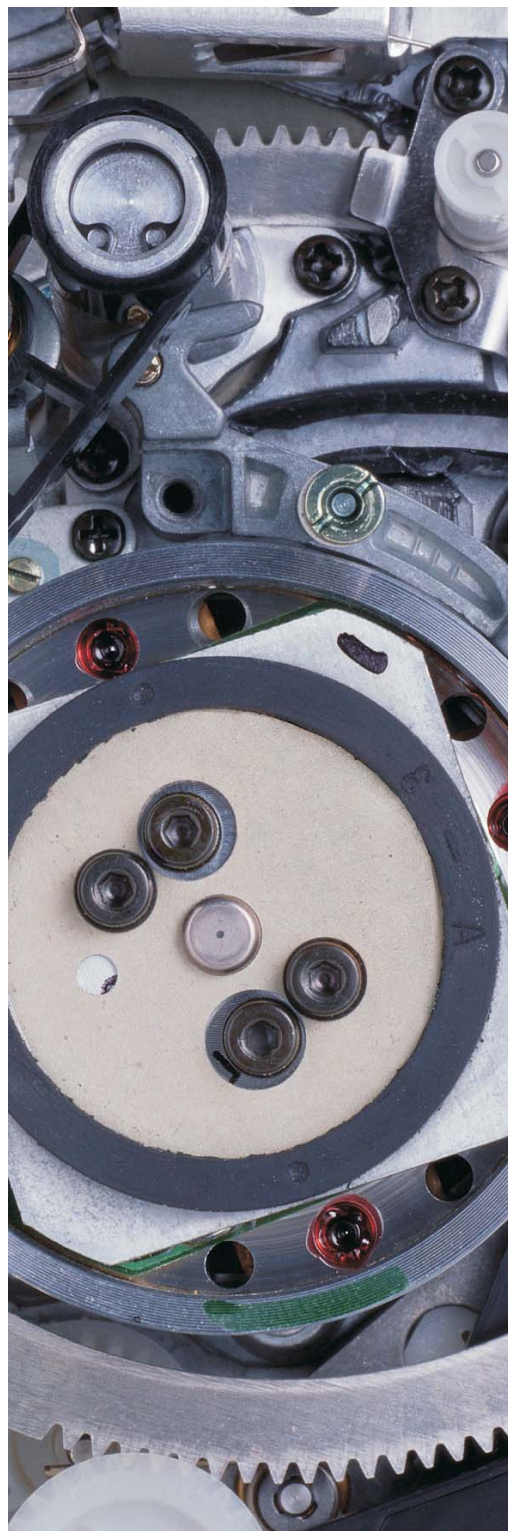

**Applications:**  
Cold Weather Work, Outdoor Activity, Maintenance & Repair, Construction, DIY

# DEXTEROUS PU

Such economical style is featuring great flexibility & durability in a good fit. It's suitable for all-around works.

## Function Icon

## Dexterous Pu

**PU1871** Generic DEX PU

- Superior PU offers excellent grip and comfortable
- Single layer stretch fabric provides extra comfortable fit
- Elastic band cuff and Velcro closure provides a secure fit to the wrist

**Applications:**  
Cold Weather Work, Metal Fabrication, Maintenance & repair, Impact and Power Tools, Construction, DIY

**PU1874** Stylish DEX PU

- Superior PU offers excellent grip and comfortable
- Two-piece palm eliminates uncomfortable bunching
- Joint back for good flexibility and comfortable fit
- Dual shirred elastic wrist for great fit
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**  
Multipurpose, Assembly, Electrician, Hand Tool, Landscaping, DIY

**PU1873** Bisected DEX PU

- Superior PU offers excellent grip and comfortable
- Shirred PU patched half back offers extra elasticity
- Single layer stretch fabric provides extra comfortable fit
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**  
Multipurpose, Assembly, Electrician, Hand Tool, Landscaping, DIY

**2219PU** Extension DEX PU

- Superior PU offers excellent grip and comfort
- Double-stitched index finger construction improves durability
- Reflective piping increases visibility when illuminated
- Stretch fabric provides extra comfortable fit
- Extended neoprene cuff provides added protection

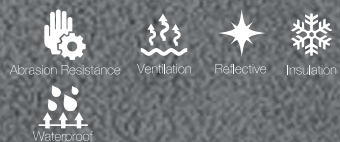

**Applications:**  
Multipurpose, Assembly, Electrician, Hand Tool, Landscaping, DIY

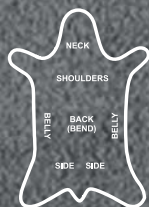

# LEATHER GLOVE

Genuine leather is the premium material, featuring great durability, flexibility & formability. It especially performs excellent in heavy-duty works like construction, mining etc.

## Leather description

### SELECTION

**1001BK** Classic Pigskin

- Pigskin provides comfort and grip
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Palm lined and pasted cuff

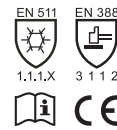

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

**1003EF** Full Lined Pigskin

- Selected pigskin provides great comfort and grip
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Full jersey lined and pasted cuff

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

**1101** Classic Pig Split

- Pig split leather provides good grip and extra softness
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and pasted cuff

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

**1201** Classic Cow Split

- Economical cow split leather offers durability and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and pasted cuff

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

**1301A** Patched Palm Cowhide

- Cow grain leather provides durability and gentleness
- Economical patched palm style
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and rubberized cuff for more protection

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

**1301EF** Full Lined Cowhide

- Selected cow grain leather provides excellent durability and gentleness
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Full jersey lined and pasted cuff

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

**Y1203** Yellow Cow Split

- Economical cow split leather offers durable and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and pasted cuff

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

**1201R** All-around Cow Split

- Standard cow split leather offers good durability and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and rubberized cuff for more protection

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

## 1201RE-Y Tough Cow Split

- Selected cow split leather offers excellent durability and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Palm lined and rubberized cuff for more protection

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

## 1207RG Dual-palm Cow Split

- Dual-layer cow split leather offers exceptionally durability and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and rubberized cuff for more protection

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

## RF1207R Hi-viz Dual-palm Cow Split

- Dual-layer cow split leather offers exceptionally durability and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Hi-viz fabric ensures safe work in dark environment
- Palm lined and rubberized cuff for more protection

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

## 1301BOA Hi-viz Cowhide Winter

- Selected cow grain leather offers excellent durability and gentleness
- Leather knuckle strip & fingertips offer extra protection
- Hi-viz fabric ensures safe work in dark environment
- BOA fully lined keeps hands warm in cold working environment

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

## Y1201RE Golden Cow Split Palm

- Selected cow split leather offers excellent durability and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Cotton stripe fabric gives breathability and comfort
- Palm lined and rubberized cuff for more protection

**Applications:**  
Construction, Material Handling, Rigging,  
Maintenance, Ranching, Landscaping

## 1209 Clute Cut Cow Split

- Standard cow split leather offers good durability and puncture resistant
- Cotton stripe fabric gives breathability and comfort
- Comfortable knitted cuff for fitting snugly

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

## RF1501PHF Hi-viz Full Lined Pigskin

- Selected pigskin leather provides comfort and grip
- Reflective knuckle & fingertips enhance visibility when illuminated
- Hi-viz knitted fabric ensures safe work in dark environment
- Full jersey lined and slip-on cuff

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

## 8120 Hi-viz Premium Pigskin Winter

- Premium pigskin leather provides excellent comfort and grip
- Flexible neoprene knuckle for extra protection
- Hi-viz stretch fabric offers exceptional dexterity and ensures safe work in dark environment
- Fully lined with Thinsulate insulation provides extra warm in cold conditions
- Extended cuff for more protection

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

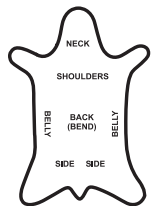

# WELDING GLOVE

Welding glove is featuring heat resistance & fire-resistance.  
Usually it's made from durable & flexible genuine leather or high-performance aluminium & asbestos fabric.

## Function icon

## Leather description

## Welding Glove

### 1402 Clute Cut Cow Split

- Standard cow split leather offers good durable and puncture resistant
- Clute cut and outer back seams for comfortable wear
- Unlined

**Applications:**  
Construction, Material Handling,  
Welding, Mining, Smelting

### R1401CBF Classic Welding

- Shoulder cow split leather offers excellent durability and puncture resistant
- Gauntlet protects hands from heat and spark
- One piece back for more durability
- Full jersey lining increases comfort

**Applications:**  
Welding, Smelting, Mining

### 1403 Economical Welding

- Standard cow split leather offers good durability and puncture resistant
- Gauntlet with two pieces back drives cost-effective
- Unlined

**Applications:**  
Welding, Smelting, Mining,  
Construction, Material Handling,

### B1412CBF Reinforced Welding

- Shoulder cow split leather offers excellent durability and puncture resistant
- Reinforced leather strap on thumb increases abrasion resistance
- Gauntlet protects hands from heat and spark
- One piece back enhances durability
- Full jersey lining increases comfort and heat-resistant

**Applications:**  
Welding, Smelting, Mining

### B1412CBFR Reinforced Pro Welding

- Shoulder cow split leather offers excellent durability and puncture resistant
- Reinforced leather strap around thumb increases abrasion resistance
- Gauntlet protects hands from heat and spark
- Dual elastic ensures firm fitting
- Full jersey lining increases comfort and heat-resistant

**Applications:**  
Welding, Smelting, Mining

### 1402GACB Sensitive MIG Welding

- Goat leather full palm provides comfort and dexterity for all day wear
- 4" cow split leather cuff provides great durability and puncture resistant
- Reinforced thumb strap and pulse protector increase abrasion resistance
- Clute cut & liner back seams
- Unlined

**Applications:**  
MIG Welding, Smelting

### Y1413CACBF Premium Cowhide Welding

- Selected cow grain leather offers excellent durability and gentleness
- 4" cow split leather provides great durability and puncture resistant
- Reinforced thumb strap and pulse protector increase abrasion resistance
- Full jersey lining increases comfort and heat-resistant

**Applications:**  
MIG Welding, Smelting, Mining

### 1408CAPBF Premium MIG Welding

- Selected cow grain leather offers excellent durability and gentleness
- Premium pig split leather provides good grip and extra performance of softness
- Reinforced panels in high wear areas improve abrasion resistance
- Double-stitched index finger construction improves durability
- Full jersey lining increases comfort and heat-resistant

**Applications:**  
MIG Welding, Smelting, Mining,

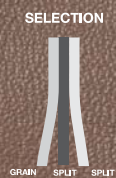

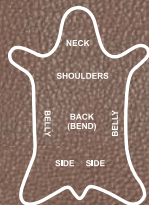

# DRIVE GLOVE

Drive gloves are mainly made of genuine leather such as cow grain leather, cow split leather, goatskin leather & pig grain leather, which are featuring great durability, flexibility, formability & soft with a good fit. It also has the ability to breathe & absorb moisture, providing the dryness & comfort.

## Function Icon

## Leather description

## 1501PH Full Pigskin

- Selected pigskin provides great flexibility & durability
- Keystone thumb is applicable to open-handed work and comfortable to wear
- Shirred elastic wrist is comfortable and form fitting
- Unlined

**Applications:**  
Construction, Driver, Material Handling,  
Maintenance, Ranching, Landscaping

## 1501CS Full Cowhide Golden

- Selected cow grain leather provides excellent durability and gentleness
- Straight thumb is applicable to closed-fisted work
- Shirred elastic wrist is comfortable and form fitting
- Unlined

**Applications:**  
Construction, Driver, Material Handling,  
Maintenance, Ranching, Landscaping

## 1512P Pigskin Fit

- Pigskin leather provides comfort and grip
- Cotton corduroy fabric offers comfort and breathability
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**  
Construction, Material Handling, Maintenance,  
Hand Tools, Ranching, Landscaping

## 1516G Goatskin Fit

- Goat leather palm provides comfort and dexterity for all day wear
- Cotton mesh fabric offers comfort and breathability
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**  
Construction, Material Handling, Maintenance,  
Hand Tools, Ranching, Landscaping

## BR1501CBR Padded Palm Cowsplit

- Dual-layer cow split leather offers excellent durability and gentleness
- EVA palm padding absorbs shock and vibration
- Straight thumb is applicable to closed-fisted work
- Shirred elastic wrist is comfortable and form fitting
- Unlined

**Applications:**  
Construction, Driver, Material Handling,  
Maintenance, Hand Tools, Ranching, Landscaping

## 1502GACBH Goatskin Mix

- Goat leather full palm provides comfort and dexterity for all day wear
- Cow split leather back provides great durability and puncture resistant
- Keystone thumb is applicable to open-handed work and comfortable to wear
- Shirred elastic wrist & unlined

**Applications:**  
Construction, Driver, Material Handling,  
Maintenance, Landscaping

## 1515G Flex Goatskin

- Goat leather full palm provides comfort and dexterity for all day wear
- Clinquant velvet offers exceptionally soft and comfort
- Shirred elastic wrist is comfortable and form fitting
- Unlined.

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

## 1518GF Flex Goatskin Lined

- Goat leather full palm provides comfort and dexterity for all day wear
- Clinquant velvet offers exceptionally soft and comfort
- Shirred elastic wrist is comfortable and form fitting
- Full jersey lining keeps hands warm and comfortable.

**Applications:**  
Construction, Material Handling,  
Maintenance, Ranching, Landscaping

# WINTER WORK

Winter Work Gloves Are Providing Warmness & Comfort, Meanwhile Durability & Flexibility While Working In Cold Environments, Available With Diversified Lining Options Such As Thinsulate , BOA & Fleece.

## Function Icon

Abrasion Resistance

Ventilation

Insulation

## 1003ETH Thinsulate™ Pigskin Palm

- Selected Pigskin provides great comfort and grip
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Thinsulate™ insulation full lining provides extra warmth
- Pasted cuff

### Applications:

Cold Weather Work, Construction, Maintenance, Ranching, Landscaping

## 1001EF Fleece Pigskin Palm

- Selected Pigskin provides great comfort and grip
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Fleece full lining provides warmth
- Pasted cuff

### Applications:

Cold Weather Work, Construction, Material Handling, Ranching

## 1501CR-K Thinsulate™ Full Cowhide

- Selected cow grain leather provides great excellent durability and gentleness
- Reinforced leather in high wear areas improve durability.
- Thinsulate™ insulation full lining provides extra warmth
- Elastic knitted cuff for comfortable and secure fit

### Applications:

Construction, Material Handling, Maintenance, Hand Tools, Ranching, Landscaping

## 1902CB Fleece Cowsplit

- Selected cow split leather offers excellent durability and puncture resistant
- Heavyweight fleece provides extra warmth and comfort
- TR cloth lined with poly-fill offers added warmth

### Applications:

Cold Weather Work, Construction, Material Handling, Maintenance, Ranching

## 1301PL-BOA BOA Cowhide Palm

- Cow grain leather provides excellent durability and gentleness
- Leather knuckle strip & fingertips offer extra protection
- BOA full lining provides extra warmth
- Water repellent oxford fabric & cuff

### Applications:

Cold Weather Work, Construction, Maintenance, Material Handling, Ranching

## G1910CB BOA Cowhide Mitten

- All-around selected cow split leather offers excellent durability and puncture resistance
- Heavy duty BOA full lining provides extra warmth

### Applications:

Cold Weather Work, Construction, Material Handling, Ranching, Rigging

## 1930 Waterproof Canvas Winter

- Water repellent cotton canvas offers durability and stain-resistant
- Textured PU palm increases durability and slip resistance
- Thinsulate™ insulation full lining provides extra warmth
- Waterproof baggie insert
- Extended cuff with Velcro strap for secure fit

### Applications:

Cold Weather Work, outdoor activities, Construction, Material Handling, Ranching, Outdoor Activity

## 1920 Hooded Fingerless Winter

- Water repellent cotton canvas offers durability and stain-resistant
- Fingerless with fully lined hood
- Leather reinforced palm features anti-slip and anti-abrasion
- Thinsulate™ insulation full lining provides extra warmth
- Leather strap with Velcro in a secure fit.

### Applications:

Cold Weather Work, outdoor activities, Construction, Material Handling, Ranching, Outdoor Activity

# COTTON & KNITTING

This economical glove is ideal for light-duty work, especially the PVC dotted style which means excellent slip resistance with a good grip. The cotton or knitting material provides great breathability, dexterity & comfort.

## Function Icon

Non-slip

Ventilation

## Cotton Glove

## Knitting Glove

**2009** Dotted Cotton Drill

- Cotton drill napped fabric gives breathability and comfort
- PVC dots offers improved grip
- Knitted cuff for comfortable and secure fit

**Applications:**  
Light Duty, Delivery, Carpentry,  
Landscaping, Gardening

**2019** Cotton Drill

- Cotton drill napped fabric gives breathability and comfort
- Knitted cuff for comfortable and secure fit

**Applications:**  
Light Duty, Delivery, Carpentry, Landscaping, Gardening

**2011** Single Dotted

- 7 gauge knitted T/C lining provides flexibility and breathability
- PVC dots coated palm offers improved grip
- Knitted wrist for secure fit

**Applications:**  
Light Duty, Delivery, Carpentry, Landscaping, Gardening.

**2012** Double Dotted

- 7 gauge knitted T/C lining provides flexibility and breathability
- Double PVC dots coated offers improved grip
- Knitted wrist for secure fit

**Applications:**  
Light Duty, Delivery, Carpentry, Landscaping, Gardening.

**2015** Brown Jersey

- Jersey gives great breathability and comfort
- Knitted cuff for comfortable and secure fit

**Applications:**  
Light Duty, Delivery, Carpentry,  
Landscaping, Gardening

**2018** Heavy Duty Chore

- Dual-layer cotton drill napped-out increases comfort and heat resistance
- Elastic knitted cuff for comfortable and secure fit
- Choice of weight: 14oz, 16oz, 18oz

**Applications:**  
Light Duty, Delivery, Carpentry, Landscaping, Gardening

**2011NC** Flex Dotted

- 13 gauge blend of Nylon & cotton liner provides great flexibility and breathability
- Cotton inner performs good absorption of perspiration
- PVC dots coated palm offers improved grip
- Knitted wrist for secure fit

**Applications:**  
Light Duty, Delivery, Carpentry,  
Landscaping, Gardening.

**2021** PVC Webbing

- Ambidextrous criss cross glove with acrylic knitted liner
- PVC web overlay for extremely grip
- Knitted wrist for secure fit

**Applications:**  
Construction, Assembly, Baggage Clerk, Extrication

## CUT RESISTANT

This style is to effectively protect hands from cuts & burns by using strongest fiber HPPE. It's graded on a scale from one to five, with five being the highest level of protection.

### Function Icon

**9010PU** Anti-Cut PU

- 13g HPPE knit liner delivers cut resistance throughout the entire glove
- PU palm offers flexibility and high abrasion resistance
- Knitted wrist for secure fit

**Applications:**  
Assembly, Sheet Metal, Glass Industry, Construction, Baggage Clerk, Extrication,

**9010PUT** Anti-Cut Touch PU

- 13g HPPE knit liner delivers cut resistance throughout the entire glove
- Touchscreen capable PU palm coated
- Knitted wrist for secure fit

**Applications:**  
Assembly, Sheet Metal, Glass Industry, Construction, Baggage Clerk, Extrication,

**9005D** Anti-Cut Dotted

- 13g HPPE knit liner delivers cut resistance throughout the entire glove
- PVC dotted palm for anti-slip
- Nitrile fingertips offer good grip in oil & grease environments
- Knitted wrist for secure fit

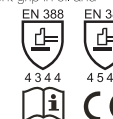

**Applications:**  
Assembly, Sheet Metal, Glass Industry, Construction, Baggage Clerk, Extrication,

**9010NL** Anti-Cut Nitrile

- 13g HPPE knit liner delivers cut resistance throughout the entire glove
- Nitrile palm provides high abrasion, excellent grip in oil and grease
- Knitted wrist for secure fit

**Applications:**  
Assembly, Sheet Metal, Glass Industry, Construction, Baggage Clerk, Extrication,

**9011NL** Anti-Cut 3/4 Foam Nitrile

- 13g HPPE knit liner delivers cut resistance throughout the entire glove
- 3/4 Foam Nitrile offers breathability and some resistance to moisture
- Knitted wrist for secure fit

**Applications:**  
Assembly, Sheet Metal, Glass Industry, Construction, Baggage Clerk, Extrication,

**9020** Anti-Cut Waterproof

- 13g Hi-viz HPPE knit liner delivers cut resistance throughout the entire glove
- 1st layer nitrile fully coated provides waterproof and oil resistant of entire glove
- 2nd layer sandy nitrile offers good grip in oil & grease environments
- Knitted wrist for secure fit

**Applications:**  
Assembly, Sheet Metal, Glass Industry, Construction, Baggage Clerk, Extrication,

## DIPPING GLOVE

Our dipping styles are with most available protective materials in markets, such as PVC, Nitrile, Latex or PU. Overall dipping gloves are economical, but with multiple characters in different environments, for instance, PVC for anti-slip & anti-abrasion, nitrile for extra acid-base resistance, latex for extra flexibility & PU for extra sensibility.

### Function Icon

**3001F** Smooth PVC Knit

- PVC full dipping for resistance to acid and alkali, as well as grease
- Interlock liner for comfort
- Knitted wrist for secure fit

**Applications:**  
Chemical Industry, Plumbing,  
Construction, Ranching, Forestry

**3002** Smooth PVC Gauntlet

- PVC full dipping for resistance to acid and alkali, as well as grease
- Interlock liner for comfort
- Gauntlet gives arms more protection.

**Applications:**  
Chemical Industry, Plumbing,  
Construction, Ranching, Forestry

**G300JS** Sandy PVC Gauntlet

- PVC full dipping for resistance to acid and alkali, as well as grease
- Sandy finish for added wet grip
- Jersey liner for extra comfort
- Gauntlet gives arms more protection

**Applications:**  
Chemical Industry, Fishing Industry, Plumbing,  
Ranching, Forestry

**3020** Flex Triple PVC Gauntlet

- Triple dipped PVC for added resistance to acid and alkali
- Rough finish provides excellent grip for oil or petroleum related products.
- Seamless knitted liner with ergonomic form provides unusual comfort

**Applications:**  
Chemical Industry, Fishing Industry, Plumbing,  
Ranching, Forestry

**3010** High Performance PVC Gauntlet

- Triple dipped PVC for added resistance to acid and alkali
- Rough finish provides excellent grip for oil or petroleum related products
- Seamless knit liner provides unusual comfort

**Applications:**  
Chemical Industry, Fishing Industry,  
Plumbing, Ranching, Forestry

**3011** Oversleeve Premium PVC

- Triple dipped PVC for added resistance to acid and alkali
- Rough finish provides excellent grip for oil or petroleum related products.
- Seamless knit liner provides unusual comfort
- Heat sealed sleeve for waterproof and more protection.

**Applications:**  
Chemical Industry, Fishing Industry,  
Plumbing, Ranching, Forestry

**4003JR** Tough Latex Jersey

- Heavy wrinkled latex provides resistance to puncture, cut & abrasion, as well as good grip in dry and wet
- Jersey cotton liner offers maximum comfort
- Rubberized cuff for more protection

**Applications:**  
Construction, Sheet Metal,  
Glass Industry, Plumbing, Ranching

**4001** Heavy Duty Rubber

- Tough rubber coated palm offers good resistance to abrasion and puncture
- Heavyweight knitted liner for durability yet flexible
- Knitted wrist for secure fit

**Applications:**  
Construction, Sheet Metal,  
Glass Industry, Plumbing, Ranching

**4013** Flex Wrinkled Latex

- Wrinkled latex offers excellent grip and resistance to tear & puncture
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knitted wrist for secure fit

**Applications:**  
Construction, Forestry, Plumbing, Ranching, Landscaping, DIY

**4015D** Flex Sandy Latex

- Latex with sandy finish offers excellent grip in wet and resistance to tear & puncture
- 15 gauge nylon & spandex liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Construction, Forestry, Plumbing,  
Ranching, Landscaping, DIY

**4005** Classic Wrinkled Latex

- Traditional wrinkled latex offers excellent grip in dry & wet, good resistance to tear & puncture
- 10 gauge seamless knit liner provides unusual comfort
- Knitted wrist for secure fit

**Applications:**  
Construction, Forestry, Plumbing,  
Ranching, Landscaping, DIY

**4005ACR** Warm Wrinkled Latex

- Wrinkled latex offers excellent grip in dry & wet, good resistance to tear & puncture
- 10 gauge acrylic napped liner provides comfort and warmth
- Hi-vis adds visibility and ensures safe work in dark environment
- Knitted wrist for secure fit

**Applications:**  
Construction, Forestry, Plumbing,  
Ranching, Landscaping, DIY

**4010ACR** Thermal Wrinkled Latex

- Wrinkled latex offers excellent grip in dry & wet, good resistance to tear & puncture
- 10 gauge acrylic looped & napped liner provide comfort and warmth
- Knitted wrist for secure fit

**Applications:**  
Cold Weather Work, Construction, Forestry,  
Plumbing, Ranching, Landscaping, DIY

**4020FM** Extreme Thermal Foam Latex

- Latex with foam finish stays flexible in cold condition
- Wrinkled surface provides excellent grip, combine with good resistance to tear & puncture
- 3/4 hands coating for more protection
- Dual-layer thermal lining keeps hands extra warm
- 13 gauge polyester knit outer, acrylic terry looped & napped inner

**Applications:**  
Cold Weather Work, Construction, Forestry,  
Plumbing, Ranching, Landscaping, DIY

5001

## 5001F Heavyweight Nitrile knit

- Fully dipped nitrile provides high abrasion resistant, excellent grip in oil and grease
- Jersey cotton liner offers comfort
- Knitted wrist for secure fit

**Applications:**  
Construction, Forestry, Plumbing,  
Ranching, Landscaping, DIY

5002

## 5002F Heavyweight Nitrile Safety

- Fully dipped nitrile provides high abrasion resistant, excellent grip in oil and grease
- Jersey cotton liner offers comfort
- Loose style frees hands to shake off
- Rubberized cuff for more protection

**Applications:**  
Construction, Forestry, Plumbing,  
Ranching, Landscaping, DIY

## 5015 Smooth Nitrile

- Smooth nitrile provides high abrasion, excellent dry grip and good wet grip
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knitted wrist for secure fit

**Applications:**  
Construction, Automotive, Plumbing,  
Material Handling, Landscaping

## 5015FM Foam Nitrile

- Foam nitrile is porous coating and keeping hands cool & dry, performs excellent grip along with fast water permeation
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knitted wrist for secure fit

**Applications:**  
Construction, Automotive, Plumbing,  
Material Handling, Landscaping

## 5004Y Trad Yellow Nitrile

- Half dipped nitrile provides resistant abrasion, excellent grip in oil and grease
- Interlock cotton liner offers maximum comfort
- Knitted wrist for secure fit

**Applications:**  
Construction, Forestry, Plumbing,  
Ranching, Landscaping, DIY

## 5020 Extreme Thermal Nitrile

- Smooth nitrile provides high abrasion, excellent dry grip and good wet grip
- 3/4 dipping for more protection
- Dual-layer thermal lining keeps hands extra warmness
- 13 gauge polyester knitted outer, acrylic terry looped & napped inner

**Applications:**  
Cold Weather Work, Construction, Forestry,  
Plumbing, Ranching, Landscaping, DIY

## 5015DT Dotted Sandy Nitrile

- Sandy nitrile provides oil resistance and durable gripping power
- Dotted palm enhances grip and protection
- 13 gauge seamless liner offers excellent dexterity and well ventilated
- Knit wrist for secure fit

**Applications:**  
Construction, Automotive, Plumbing,  
Material Handling, Landscaping

## GR5015D Sandy Nitrile

- Sandy nitrile performs excellent grip in oily environments, highly abrasion resistance
- 13 gauge seamless liner offers excellent dexterity and well ventilated
- Knit wrist for secure fit

**Applications:**  
Construction, Automotive, Plumbing,  
Material Handling, Landscaping

# PU COATED

# HOUSEHOLD & DISPOSABLE

**5015PU** Flex White PU

- PU performs extremely flexible and high abrasion resistance, thin coating keeps fingertips sensitive
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knitted wrist for secure fit

**Applications:**  
Assembly, Electronics Maintenance,  
Painting, Automotive, Plumbing, Landscaping

**BK5015PU** Flex Black PU

- PU performs extremely flexible and high abrasion resistance, thin dipping keeps fingertips sensitive
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knitted wrist for secure fit

**Applications:**  
Assembly, Electronics Maintenance,  
Painting, Automotive, Plumbing, Landscaping

**GR5015PU** Flex Grey PU

- PU performs extremely flexible and high abrasion resistance, thin coating keeps fingertips sensitive
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knitted wrist for secure fit

**Applications:**  
Assembly, Electronics Maintenance,  
Painting, Automotive, Plumbing, Landscaping

**5015PUC** PU Anti-Statics

- PU performs extreme flexible and high abrasion resistance, thin dipping keeps fingertips sensitive
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Carbon fiber blend with nylon for anti-statics
- Knitted wrist for secure fit

**Applications:**  
Assembly, Electronics maintenance, painting,  
Automotive, Plumbing, Landscaping

**6001** Latex Household

- 100% natural latex has good sensitivity and dexterity
- Diamond embossed grip
- Flock lined for comfort and keeps hands dry
- Available color: yellow, red, pink

**Applications:**  
Household, Cleaning & Janitorial

**6005** Latex Disposable

- Latex Disposable glove performs the most elastic
- Slightly resists acids, alcohols
- Powder or powder free for choice
- Grade choice: Industrial, food contact

**Applications:**  
Maintenance, Janitorial / Food Services, Healthcare, Laboratory

**6006** Vinyl Disposable

- Vinyl is resistant to moisture and humidity, durable and fair value
- Powder or powder free for choice
- Available color: white, blue,
- Grade choice: Industrial, food contact

**Applications:**  
Gas station, Painting,

**6008** Nitrile Industrial

- Nitrile unsupported glove provides good puncture and abrasion resistance
- Flock lined added chemical protection

**Applications:**  
Industrial, Household, Cleaning & Janitorial

**6007** Nitrile Disposable

- Nitrile disposable glove performs high flexibility and dexterity, resistant to oil, fuel and some chemicals
- Powder or powder free for choice
- Available color: white, blue, black
- Grade choice: industrial, food contact

**Applications:**  
Industrial, Household, Cleaning & Janitorial

**6006PE** PE Disposable

- PE glove is extremely affordable, obstruct oils and fats
- Free size

**Applications:**  
Household, Cleaning & Janitorial

## GARDEN GLOVE

### Function Icon

### Synthetic Leather

With the excellent features of anti-abrasion, durability, breathability, comfort & fit, synthetic leather is widely used, also for garden gloves.

### Genuine Leather

Genuine leather is featuring great durability, flexibility & formability. It also has the ability to breathe & absorb moisture, which means leather gloves providing the dryness & comfort.

### Imitation Leather

Imitation leather has a wide range of diversity. PVC & PU are most popular used for garden gloves. It's mainly featuring great slip resistance, abrasion resistance as well as a good fit. It's much economical compared with genuine leather.

**22451PA** Hyacinth Pigskin

- Pigskin leather provides hands maximum comfort and excellent grip
- Double-stitched index finger construction improves durability
- Stretch spandex fabric offers exceptionally dexterity
- Shired elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

**2247CA** Twisting Cowhide

- Cow grain leather is provided with excellent smoothness and gentleness
- Reinforced leather palm offers added durability
- Double-stitched index finger construction improves durability
- Touchscreen capable fingertips
- Stretch spandex fabric offers exceptionally dexterity
- Extra length strap support wrist for more protection

**Applications:**  
Pruning/Shrub Clearing, Weeding, Wood and Joinery,  
Planting, Scarification

**2245PA-FA** Hyacinth Shear Pigskin

- Pigskin leather provides hands maximum comfort and excellent grip
- Double-stitched index finger construction improves durability
- Stretch Spandex fabric offers exceptionally dexterity
- Shired elastic wrist provides easy on/off flexibility and form-fitting
- Aramid interlock fabric full lining for anti-cutting.

**Applications:**  
Pruning, Weeding, Branch cleaning, Picking,  
Planting, Gardening, Scarification

**2257PAF-A** Black Datura Shear

- Pigskin leather provides hands maximum comfort and excellent grip
- Touchscreen capable fingertips
- Stretch Spandex fabric offers exceptionally dexterity
- Stretch fabric cuff with Velcro adjustment ensure firm fitting
- Aramid interlock fabric palm lining for anti-cutting
- Jersey full lining.

**Applications:**  
Pruning, Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

**1856PA** Verbena Pigskin

- Pigskin leather provides hands maximum comfort and excellent grip
- Double-stitched index finger construction improves durability
- Stretch spandex material provides a comfortable fit
- Elastic band cuff and Velcro adjustment ensure firm fitting

**Applications:**  
Mowing, Branch Cleaning, Picking, Planting,  
Gardening, Scarification

**2214PB** Sprouting Pigskin

- Cowsplit leather provides good grip and extra performance of softness
- There-pieces palm eliminates material bunching
- Stretch spandex material provides a comfortable fit
- Shired elastic wrist provides easy on/off flexibility

**Applications:**  
Mowing, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

**1858PA** Meadow Pigskin

- Pigskin leather provides hands maximum comfort and excellent grip
- Leather knuckle strip & fingertips offer extra protection
- Stretch spandex material provides a comfortable fit
- Shired elastic wrist provides easy on/off flexibility

**Applications:**  
Mowing, Pruning/Shrub Clearing,  
Wood and Joinery, Planting, Scarification

**2215CB** Fencing Cowsplit

- Cowsplit leather provides durable and puncture resistant
- Leather knuckle strip & fingertips offer extra protection
- Stretch spandex material provides a comfortable fit
- Shired elastic wrist provides easy on/off flexibility

**Applications:**  
Mowing, Pruning/Chrub Clearing, Wood and  
Joinery, Planting, Scarification

## Synthetic Leather

### 2245 Favorite

- Synthetic leather palm provides high abrasion resistance
- Double-stitched index finger construction improves durability
- Stretch spandex fabric offers exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

### 1519SL Bougainvillea

- Synthetic leather palm provides high abrasion resistance
- Soft terry on thumb for wiping sweat
- Mesh fabric offers exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Branch Cleaning, Picking, Planting,  
Gardening, Scarification

### 2221 Homespun

- Synthetic leather palm provides high abrasion resistance
- Foam lining inside palm for anti-vibration
- Stretch spandex fabric offers exceptionally dexterity
- Elastic band cuff ensures firm fitting

**Applications:**  
Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

### 2248SL Comfort

- Durable synthetic leather palm with foam lining for anti-vibration
- Touchscreen capable fingertips
- Stretch spandex fabric offers exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Branch Cleaning, Picking, Planting,  
Gardening, Scarification

### 2251 Pansy Petals

- PU imitation leather retains perfect tactility and softness
- Touchscreen capable fingertips
- PU knuckle strip & fingertips offer extra protection
- Stretch spandex fabric offers exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Picking, Watering, Planting, Gardening, Scarification

### S12250 Gripper

- Synthetic leather palm provides high abrasion resistance
- Silicone on palm for exceptionally grip and slip resistance.
- Stretch spandex fabric offers exceptionally dexterity
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

### 2249 The Waves

- Breathable PU Nubuck leather palm with touchscreen capable fingertips
- Anatomically designed two-piece palm eliminates material bunching
- Stretch spandex fabric offers exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Picking, Planting, Gardening, Scarification

## Synthetic Leather

**BK2515PU** Dewdrop Rose

- Textured PU imitation leather retains perfect tactility and slip resistant
- Clinquant velvet offers exceptionally soft and comfortable
- Shirred elastic wrist provides easy on/off flexibility

**Applications:**  
Weeding, Mowing, Picking, Watering,  
Planting, Gardening, Scarification

**2515PU** Dewdrop Aqua

- Textured PU imitation leather retains perfect tactility and slip resistant
- Clinquant velvet offers exceptionally softness and comfort
- Shirred elastic wrist provides easy on/off flexibility

**Applications:**  
Weeding, Mowing, Picking, Watering, Planting,  
Gardening, Scarification, Pipe Work

**2257** Black Datura PU

- PU imitation leather retains perfect tactility and softness
- Touchscreen capable fingertips
- Stretch Spandex fabric offer exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

**Applications:**  
Weeding, Picking, Watering, Planting,  
Gardening, Scarification

**2515PUF** Dewdrop Peret

- Textured PU imitation leather retains perfect tactility and slip resistant
- Clinquant velvet offers exceptionally softness and comfort
- Thinsulate™ insulation full lining provides extra warm
- Shirred elastic wrist provides easy on/off flexibility

**Applications:**  
Weeding, Mowing, Picking, Watering, Planting,  
Gardening, Scarification, Pipe Work

**2261SL** Rosebush

- Synthetic leather palm provides high abrasion resistance
- Textured PVC imitation leather patch for excellent anti-abrasion & anti-slip
- Stretch spandex fabric offers exceptionally dexterity
- Long sleeve protect arms from thorn & shrub

**Applications:**  
Branch Cleaning, Planting,  
Pruning/Shrub Clearing,

**2265** Prickly Rose

- Durable synthetic leather throughout the entire glove
- Thickening sponge built in whole palm and cuff
- Long sleeve protects arms from thorn & shrub

**Applications:**  
Branch Cleaning, Planting, Pruning/Chrub Clearing,  
Thorny Trees Truning

**2005PAL** Bouquet

- Pigskin leather provides hands maximum comfort and excellent grip
- Cotton canvas fabric gives breathability and comfort
- Folding long sleeve protects arms from thorn & shrub

**Applications:**  
Branch Cleaning, Planting, Pruning/Chrub Clearing,

**2268** Spinous

- Synthetic leather palm provides high abrasion resistance
- Reinforced PVC panels in high wear areas improve durability
- Hi-viz stretch fabric ensures safe work in dark environment
- Waterproof oxford long sleeve protects arms from thorn & shrub

**Applications:**  
Branch Cleaning, Planting, Pruning/Shrub Clearing,  
Thorny Trees Pruning

## Printing Fabric Gardening

It's a most economical style, but with rich colors in a good looking. It futures great breathability & comfort.

## 2004 Floral Knit

- Cotton twill gives breathability and comfort
  - PVC dots offers improved grip
  - Elastic knitted cuff for comfortable and secure fit
- A variety of floral pattern options see page 97-98*

**Applications:**  
Mowing, Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

## 2008MD Floral Starlight

- Cotton twill gives breathability and comfort
  - PVC dots offers improved grip
  - Shirred elastic wrist provides easy on/off flexibility
- A variety of floral pattern options see page 97-98*

**Applications:**  
Mowing, Weeding, Branch cleaning, Picking,  
Planting, Gardening, Scarification

## 2015D Floral Jersey

- Cotton twill gives breathability and comfort
- PVC dots offers improved grip
- Elastic knitted cuff for comfortable and secure fit

**Applications:**  
Mowing, Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

## 2009PVC Kariert

- Cotton twill back gives breathability and comfort
- PVC impregnated fabric increases durability and grip
- Elastic knitted cuff for comfortable and secure fit

**Applications:**  
Mowing, Weeding, Branch Cleaning,  
Picking, Planting, Gardening, Scarification

## 2252BRL Peplum Gripper

- Cotton twill gives breathability and comfort
- PVC dots offers improved grip
- Extended cuff for more protection

**Applications:**  
Mowing, Weeding, Branch Cleaning, Picking,  
Planting, Gardening, Scarification

### Dipping Glove

Our dipped styles are with most available protective materials in markets, such as PVC, latex, nitrile & PU. Overall dipped gloves are economical, but with multiple characters in different environments.

**5015FL Blooming Nitrile**

- Smooth nitrile provides high abrasion, excellent dry grip and good wet grip
- Floral printed seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

A variety of floral pattern options see page 95-96

**Applications:**  
Weeding, Picking, Planting, Gardening,  
Watering, Scarification

**5015FM Mellow**

- Foam nitrile is porous coating and keeping hands cool & dry, performs excellent grip along with fast water permeation
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Weeding, Picking, Planting, Gardening, Scarification,  
Pipe Work

**5015 Swampy**

- Smooth nitrile provides high abrasion, excellent dry grip and good wet grip
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Weeding, Picking, Planting, Gardening, Watering,  
Scarification, Pipe Work

**5015DS Moonglow**

- Dual-layer nitrile coating  
Inner smooth nitrile for waterproof,  
Outer sandy nitrile performs excellent grip in wet environments,  
highly abrasion resistance
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Weeding, Picking, Planting, Gardening, Watering,  
Scarification, Pipe Work, Painting

**5016S Prairie**

- Dual-layer 3/4 nitrile coating  
Inner smooth nitrile for waterproof
- Outer sandy nitrile performs excellent grip in wet environments,  
highly abrasion resistance
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Weeding, Picking, Planting, Gardening, Scarification,  
Pipe Work, Painting

**G5015D-V Woodland**

- Sandy nitrile performs excellent grip in oily environments, highly abrasion resistance
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist and Velcro adjustment ensure firm fitting

**Applications:**  
Weeding, Picking, Planting, Gardening, Scarification,  
Pipe Work, Painting

**B5016DT Bamboo Grove**

- 3/4 Sandy nitrile provides oil resistance and durable gripping power
- Dotted palm enhances grip and protection
- Bamboo string is provided with perspiration absorption and antibacterial
- 13 gauge seamless liner offers excellent dexterity and well ventilated
- Knit wrist for secure fit

**Applications:**  
Mowing, Weeding, Picking, Planting, Gardening,  
Scarification, Pipe Work

**5018V Glossy**

- Smooth nitrile coating throughout the entire glove, provides all-around waterproof and high abrasion
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist and Velcro adjustment ensures firm fitting

**Applications:**  
Weeding, Picking, Planting, Gardening, Watering,  
Scarification, Pipe Work

**4013 Rosine**

- Flexible latex with wrinkled surface provides excellent grip and resistance to tear & puncture
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Mowing, Weeding, Pruning, Picking, Planting,  
Gardening, Watering, Scarification

**4005 Caltrop**

- Nontoxic & natural latex with wrinkled surface provides excellent grip in dry & wet, good resistance to tear & puncture
- 10 gauge seamless knit liner provides unusual comfort
- Knit wrist for secure fit

**Applications:**  
Mowing, Weeding, Pruning, Picking, Planting,  
Gardening, Watering, Scarification

**4002I Cactus**

- Heavy wrinkled latex provides resistance to puncture, cut & abrasion, as well as good grip in dry and wet
- Cotton interlock liner offers maximum comfort
- Elastic knitted cuff for comfort and secure fit

**Applications:**  
Mowing, Weeding, Pruning, Picking, Planting,  
Watering, Scarification

**5015PUFL Blooming PU**

- PU performs extreme flexibility and high abrasion resistance, thin coating keeps fingertip sensitive
- Floral Printed seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

*A variety of floral pattern options see page 95-96*

**Applications:**  
Weeding, Picking, Planting,  
Gardening, Scarification

**4013FM Grassy**

- Flexible foam latex with wrinkled surface offer excellent grip and breathability, performing good resistant to tear & puncture
- 13 gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Mowing, Weeding, Pruning, Picking, Planting,  
Gardening, Scarification

**4013F Rosary**

- 3/4 wrinkled latex offers excellent grip and waterproof, performing good resistance to tear & puncture
- 13 gauge seamless liner offers excellent dexterity and well ventilated
- Knit wrist for secure fit

**Applications:**  
Mowing, Weeding, Pruning, Picking,  
Planting, Gardening, Watering, Scarification

**5015PU Tulipa**

- PU performs extreme flexible and high abrasion resistance, thin coating keeps fingertip sensitive
- 13gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Weeding, Picking, Planting, Gardening,  
Scarification

**5016PU Comfy Bamboo**

- PU performs extreme flexible and high abrasion resistance, thin coating keeps fingertip sensitive
- Bamboo string is provided with perspiration absorption and antibacterial
- 13gauge seamless liner offers excellent dexterity and ventilation
- Knit wrist for secure fit

**Applications:**  
Weeding, Picking, Planting, Gardening, Scarification

# KIDS GLOVES

With the diversification of kids' activities, people's awareness for kids' protection has been greatly strengthened. Gloves are playing the important roles for hands protection. Kids' gloves are mainly made of flexible & comfortable fabrics in bright colors, with lovely & vivid cartoon printings. It's the excellent combination for practicality and aesthetics.

## 2005F-KID Pastel

- Cotton drill napped fabric gives breathability and comfort
- PVC dots offer improved grip
- Elastic knitted cuff for comfortable and secure fit

### Applications:

Weeding, Picking, Planting, Scarification

## 2004KID Smiling

- Cotton drill napped fabric gives breathability and comfort
- PVC dots offer improved grip
- Elastic knitted cuff for comfortable and secure fit

### Applications:

Weeding, Picking, Planting, Scarification

## 2010 Muddy

- Soft cow split leather offers excellent durability and puncture resistance
- Leather knuckle strip & fingertips offer extra protection
- Cotton drill fabric gives breathability and comfort
- Knit wrist for secure fit

### Applications:

Weeding, Planting, Scarification, Pruning

## 2219KD Bug

- Synthetic leather palm provides high abrasion resistance
- Stretch spandex fabric offer exceptionally dexterity
- Shirred elastic wrist provides easy on/off flexibility and form-fitting

### Applications:

Weeding, Picking, Planting, Scarification, Pruning

## 2211KD Buddy

- Synthetic leather palm provides high abrasion resistance
- Stretch spandex fabric provides a comfortable fit
- Velcro adjustment ensures firm fitting

### Applications:

Weeding, Picking, Planting, Scarification, Pruning

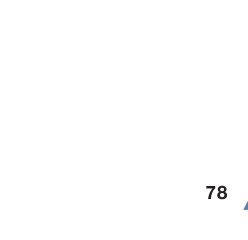

## 2241-KD Princess

- Synthetic leather palm provides high abrasion resistance
- Stretch spandex fabric provides a comfortable fit
- Velcro adjustment ensures firm fitting

### Applications:

Weeding, Picking, Planting, Scarification, Pruning

# GYM GLOVE

The glove is mainly made of super breathable & flexible fabrics to offer a great comfort & fit. Padded palm is providing great anti-vibration & anti-slip. Lengthened cuff with long velcro strap is for extra protection.

## Function icon

Abrasion Resistance Ventilation Shock Absorption

### 8405 Advanced

- Dual-layer synthetic leather provide abrasion resistance and extra grip
- EVA padding abates abrasion and shock without sacrificing flexibility
- Synthetic knuckle overlay for added durability
- Mesh fabric helps keep hands cool and comfortable.
- Extra lengthened neoprene cuff with velcro offering a perfect fit & better protection

#### Applications:

Fitness Equipment, Strength Training

Abrasion Resistance Ventilation Shock Absorption

### 8403 Weighted

- Durable synthetic leather with grain cowhide patches strengthen durability and slip resistance performance.
- EVA padding reduces shock and vibration
- Lightweight mesh fabric eliminates heat build-up
- Soft terry on thumb for wiping sweat
- Extra lengthened neoprene cuff with Velcro offer a perfect fit & better protection

#### Applications:

Fitness Equipment, Strength Training

Abrasion Resistance Ventilation Shock Absorption

### 8402 Dynamic

- Dual-layer synthetic leather provide abrasion resistance and extra grip
- EVA padding reduces shock and vibration
- Dynamic joint mesh fabric helps keep hands cool and comfortable.
- Terry on thumb is designed as invisible towel for wiping sweat
- Extra lengthened neoprene cuff with Velcro offering a perfect fit & better protection

#### Applications:

Light Duty, Delivery, Carpentry, Landscaping, Gardening.

Abrasion Resistance Ventilation Shock Absorption

### 1892CAR King Kong

- Premium dual-layer grain cowhide strengthen durability and slip resistance performance.
- Reversed leather fiber out offers added grip
- EVA padding abates abrasion and shock without sacrificing flexibility
- Mesh fabric helps keep hands cool and comfortable.
- Soft terry on thumb for wiping sweat
- Extra lengthened neoprene cuff with Velcro offer a perfect fit & better protection

#### Applications:

Fitness Equipment, Strength Training

Ventilation Sensitivity Non-slip

# BICYCLE GLOVE

The Glove Is Mainly Made Of High Elastic & Breathable Fabrics, Designed As Per Theory Of Human Biology, Wearing In A Great Fit. Extra Eva Padded Palm Is Providing Excellent Anti-shock & Anti-abrasion To Reduce Fatigue, Suitable For Long Time Riding.

Shock Absorption

**8099 Windspeed**

- Durable & breathable synthetic leather palm with EVA padding for anti-vibration
- Anatomically designed multi-pieces palm eliminates material bunching
- High dexterity spandex fabric offers exceptional dexterity
- Terry cloth thumb for perspiration
- Velcro adjustment ensures firm fitting

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption

**8109 Absorption**

- Dual-layer synthetic leather provide abrasion resistance and extra grip
- EVA padding abates abrasion and shock without sacrificing flexibility
- Synthetic knuckle overlay for added durability
- Stretch spandex material provides a comfortable fit
- Velcro closure provides a secure fit to the wrist

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption

**8903 Tunnel**

- Durable & breathable synthetic leather with EVA for anti-vibration
- Mesh ventilation holes built in palm for timely sweat
- Lightweight mesh eliminates heat build-up
- Soft terry on thumb for wiping sweat
- Velcro adjustment ensures firm fitting

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption

**8094 Velocity**

- Durable & breathable synthetic leather with EVA for anti-vibration
- Reinforced silicone patch offers added durability and anti-slip
- Mesh fabric keeps hands cool and comfort
- Terry cloth thumb for perspiration
- Velcro closure provides a secure fit to the wrist

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption Non-slip

**8061 Totem**

- Lightweight synthetic leather with foam lining inside palm for anti-vibration
- Seamless palm provides maximum dexterity
- High dexterity spandex fabric offers exceptional dexterity
- Soft terry on thumb for wiping sweat
- Velcro adjustment ensures firm fitting

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption

**8141 The Valley**

- Breathable PU Nubuck with foam lining inside palm for anti-vibration
- Perforated palm allows for airflow
- Stretch spandex material provides a comfortable fit
- Terry cloth thumb for perspiration
- Velcro closure provides a secure fit to the wrist

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption

**8097 Slip-barrier**

- Lightweight synthetic leather with EVA for anti-vibration
- Silicone prevents the slide and enhances the wear resistance
- Mesh fabric keeps hands cool and comfortable
- Soft terry on thumb for wiping sweat
- Velcro adjustment ensures firm fitting

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption Non-slip

**8098 Damping**

- Durable & breathable synthetic leather with EVA for anti-vibration
- Stretch spandex material provides a comfortable fit
- Reflective tape enhances visibility when illuminated
- Terry cloth thumb for perspiration
- Velcro closure provides a secure fit to the wrist

**Applications:**

Cycling, Jogging, Hiking, Spinning

Abrasion Resistance Ventilation Shock Absorption Non-slip

# SKI GLOVE

The glove is mainly made of waterproof & windproof fabrics, with reinforced palm against abrasion & slip & extra warm Thinsulate™ lining, offering great comfort & dexterity.

## Function Icon

Abrasion Resistance

Touch Screen

Insulation

Waterproof

Non-Slip

**8507** Snowy Waltz

- Durable synthetic leather palm with PVC patches for excellent anti-abrasion,
- Touchscreen capable fingertips
- Water repellent taslon with small PVC zipper pocket to keep accessories
- Thinsulate™ insulation provides extra warmth
- Waterproof baggie isolates hands from water vapour
- Buckle wrist strap to prevent snow & wind

**Applications:**  
Skiing, Sledging, Outdoor Activities

**8510** Blue Danube

- Textured PVC palm for excellent anti-abrasion, allows easy grip & mobility
- Touchscreen capable fingertips
- Water repellent taslon protects hands against wind and precipitation
- Thinsulate™ insulation provides extra warmth
- Waterproof baggie isolates hands from water vapour
- Extended knitted cuff in a good fit & comfort

**Applications:**  
Skiing, Sledging, Outdoor Activities

**8601** Flutters

- Textured PVC patches offers excellent anti-abrasion & anti-slip
- Water repellent Taslon protect hands against wind and precipitation
- Eye-catching geometric joint back
- Thinsulate™ insulation provides extra warmth
- Buckle wrist strap to prevent snow & wind

**Applications:**  
Skiing, Sledging, Outdoor Activities

**8720** Black Knight

- Premium cow grain leather with reinforced palm for added durability
- Pre-curved fingers for great fit & grip
- Cowhide strip overlay on stretch fabric for added durability yet dexterity
- Thinsulate™ insulation provides extra warmth
- Waterproof baggie isolates hands from water vapour
- Buckle wrist strap to prevent snow & wind

**Applications:**  
Cycling, Jogging, Hiking, Spinning

**8501PVC** St Moritz

- Textured PVC palm offers durability and slip resistance performance
- Pre-curved fingers for great fit & grip
- Water repellent taslon protects hands against wind and precipitation
- Thinsulate™ insulation provides extra warmth
- Waterproof baggie cut off from water vapour
- Buckle wrist strap to prevent snow & wind

**Applications:**  
Skiing, Sledging, Outdoor Activities

**8506PVC** Meanders

- Textured PVC patch offers durability and slip resistance performance
- Pre-curved fingers for great fit & grip
- Water repellent taslon protects hands against wind and precipitation
- Joint style promotes flexibility & comfort
- Thinsulate™ insulation provides extra warmth
- Buckle wrist strap to prevent snow & wind

**Applications:**  
Skiing, Sledging, Outdoor Activities

**SI8610SL** Whirlwind

- Durable synthetic leather palm with distinctive silicone offer extra grip & anti-slip
- Stylishly joint waterproof & windproof shell
- Thinsulate™ insulation provides extra warmth
- Waterproof baggie isolates hands from water vapour
- Buckle wrist strap to prevent snow & wind

**Applications:**  
Skiing, Sledging, Outdoor Activities

**8800** Lady Grace

- Lady Mitten in textured PVC palm with excellent anti-abrasion performance
- Water repellent taslon protects hands against wind and precipitation
- Thinsulate™ insulation provides extra warmth
- Waterproof baggie isolates hands from water vapour
- Extended knitted cuff in a good fit & comfort

**Applications:**  
Cycling, Jogging, Hiking, Spinning

**1713TH** Motley

- Synthetic leather with reinforced inner palm for anti-vibration & anti-abrasion
- Compositated camo fleece gives excellent comfort
- Single layer structure of index finger for pulling trigger
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Skiing, Sledging, Outdoor Activities

**1710** Fading

- Synthetic leather with reinforced inner palm for anti-vibration & anti-abrasion
- Compositated camo fleece gives excellent comfort
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Velcro closure provides a secure fit to the wrist

**Applications:**  
Hunting, Campaign, Outdoor Activities

**1704** Oakley

- Camo canvas offers durable and stain-resistant
- Fingerless with fully lined hood
- PVC reinforced palm features anti-slip and anti-abrasion
- Thinsulate™ insulation full lining provides extra warm
- Leather strap with Velcro in a secure fit,

**Applications:**  
Hunting, Campaign, Outdoor Activities

**1714TH** Eastern larch

- Synthetic leather palm provides high abrasion resistance
- Single layer structure of index finger for pulling trigger
- Camo twill fabric gives breathability and comfort
- Fully lined with Thinsulate™ insulation provides extra warm in cold conditions
- Built-in wind-proof cuff

**Applications:**  
Hunting, Campaign, Outdoor Activities

**HVA154** Hi-vis Cap

- 6 panels constructed cap
- Hi-vis twill fabric ensures safe in dark environment
- Reflective tape enhances visibility when illuminated
- Velcro closure offering perfect fit

**Applications:**  
Outdoor Activities, Hunting, Running, Walking, Cycling, Construction Job Sites,

**HVA157** Hi-vis Bucket Hat

- Hi-vis classic bucket hat built with strong, fast-drying materials
- Wide brim keeps the sun out of eyes, face and neck
- Vented mesh panels offers maximum ventilation and air circulation
- Neck string for fitting

**Applications:**  
Outdoor Activities, Camping, Landscaping, Yard Work, Construction Job Sites, Gardening,

**HN-K01** BOA Earflap Cap

- Water repellent cotton canvas offers durability and stain-resistant
- Heavy duty BOA lining provides extra warmth in cold conditions
- The earflap provides more protection to face and ears, flip up or down as needed

**Applications:**  
Outdoor Activities, Snowboard, Climbing, Hunting, Camping, Construction Job Sites,

**H-C01** Fleece Earflap Cap

- 4-way stretch fabric composited with polar fleece offers extra warmth
- The earflap provides more protection to face and ears, flip up or down as needed

**Applications:**  
Cold Weather, Outdoor Activities, Climbing, Cycling, Camping, Construction Job Sites,
